The workshop will gather top experts in the field of neurodegeneration, neuroinflammation, animal models, clinical studies and emerging therapies in ALS/FTD and related fields. Young researchers will be greatly supported via selected oral presentations, poster sessions and networking opportunities. Topics will include:

- ALS/FTD genetics and mechanisms
- Proteinopathy in ALS/FTD
- Immunity in ALS/FTD
- Clinical studies, biomarkers and emerging therapies in ALS/FTD
- Related brain disorders

Participants

- Basic and clinical researchers in the fields of neurodegeneration, neuroimmunology, neurodevelopment and related fields
- Postdocs, clinical residents, PhD and Ms students are encouraged to participate
- Poster sections will be organised and best abstracts selected for oral presentations
- For non-ICGEB Member States nationals there will be a registration fee of Euro 100 for students and postdocs, and Euro 200 for established researchers
- For ICGEB Member States nationals students and postdocs the registration fee will be waived off, for established researchers there will be a registration fee of Euro 150

Funding

- Nationals of ICGEB Member States currently residing outside of Croatia are eligible to apply for a grant covering registration fee, twin-share accommodation and local hospitality during the meeting
- An additional number of grants will be available to cover the registration fee, either partially or in full
- Limited travel contribution towards the cost of international travel may also be available
